Cover letter for my document "Complaint"

Regarding with my document complaint I want to mention that I composed this document because I wanted to give a picture of the very difficult conditions under which I live and work in Athens-greece and that all the time, and especially when I am out of my home for my personal jobs and for working reasons (when I am in my home I have to coping only their illegal nazi, criminally insane, harmful parasitic echelon machines basement) I am obliged to continuously fighting against all the guilty and to coping all the time the combination attacks that the nazi numbers of the fourth nazi, criminal, parasitic (echelon this time) reich formation together with their nazi, illegal, criminally insane, harmful parasitic echelon machines basements all the time doing against me, as and I wanted to report that the greek state authorities (but are not mine authorities, I do not recognize them, me steady and permanently I always refuse to include myself in greek state and in their wretchedness which consists of all of them together, that is, the fourth nazi, criminal, parasitic "echelon this time" reich formation and the whole nazi, criminal, parasitic echelon conspiracy) always they act as mandated executive bodies of the fourth nazi, illegal, criminal, parasitic (echelon this time) reich formation against me and against my own genus—my own tribe, and they have perpetrated and many other crimes against me (some of these crimes regards for example, they to steal my signature, they to forge my signature, to write false testimonies against me, to lying against me, to slander against me, to illegally imprisoning me, and many more) and because the greek state authorities are not be able to be cleared and they can not to examine my complaints, I wanted to be addressed to authorities of other states and international organizations.
